VISION

The integral development of the individual into a whole person to fulfill her/his role in life in her/his twin capacities as a child of God and a faithful citizen of the country to build a just society.

MISSION

The spiritual, moral, intellectual and physical energies of students are being mobilized which empowers the child to live her/his life, facing the challenging future successfully.

Editorial

Our greatest weakness lies in giving up. The most certain way to succeed is always to try one more time.

-Thomas A. Edison

Greetings! dear readers,

Welcome to the latest edition of our school's E-magazine, a platform where intellect and creativity converge to illuminate the part of learning.

Perseverance is not merely a trait, it is a mind-set, a relentless determination to keep moving forward despite setbacks and failures. History is adorned with tales of individuals who refuse to succumb to defeat. Thomas Edison once said, "I have not failed. I have found 10,000 ways that won't work." This shows that his life is an excellent example of perseverance. In the realm of academics, the journey to knowledge is often fought with hurdles. It is during moments of difficulty that the true test of character unfolds. The path of academics success is not paved with unbroken victories but marked by the courage to persevere in the face of adversity. Students can transform setbacks into opportunities, failures into lessons and dreams into reality. At last I would like to say that it is through perseverance that we unlock the doors of knowledge, wisdom and personal growth.

We are really proud and exuberant to acclaim that we are ready with all new hopes and hues to bring out the second issue, which is going to surely unfold the unraveled world of the most unforgettable and precious moments of the school.

This magazine is before you due to the combined efforts of the editorial board. I take the opportunity to thank all the budding writers as their contribution is the reason that makes this magazine endearing with our readers.

Happy reading to all !!!

Manager's message

'It is more blessed to give than to receive.'"

As the next issue of Shepherd's voice is getting ready, the aforesaid part of the Scriptures came to my mind. Infact, I was happy to note that, our school's motto is also similar!
"Life is to give"

The digital leaves that you will turn, is the proof Shepherdites giving life through their talents. The snaps over the pages convey how they have received life through different dignitaries and well wishers.

"Life is to Give," inspires us to make a positive impact on the world. By giving our time, talents, and love, we can create a brighter future for ourselves and others. True meaning of life lies in making a difference by giving our time and talent for others. Life abounds as we share it. The love, kindness and compassion we share enhances the life of others. It definitely makes our family and society happier and a better place. By making the best use of our time and talents let us keep the legacy going. May you have life in abundance in all realms and be blessed to give life to those whom you meet!

May God bless bless you!

Principal's Message

"Whatever you do, work at it with all your heart, as working for the God, not for human masters." marks the Holy Scripture.

As we flip through the pages of this annual e-magazine, we are reminded of the countless hours of hard work and dedication that went into its formation. This issue is a testament to the talent, creativity, and perseverance of our students and the guidance effort put in by the teachers.

Punctuality and hard work are the cornerstones of success. By being punctual, we demonstrate respect for time and others. It is one of the prime steps towards progress and prosperity. "Hard work beats talent when talent does not work hard. "By working hard, we unlock our full potential. It is the essential characteristics that every student should possess. I wish and pray that all the Shepherdians strive and possess these two gems in their character.

May this e-magazine lead you to memories, give you new thoughts and gift you a pleasant reading! May God bless you!

They had trust, but I blew it
they had hopes, but I broke it
they had love still I was left out,
I had voice but was unable to shout.
My dreams were young I wanted to shine.
but was I able to accept this world as mine??
those thoughts were distracting that
took me to despair. I lost my confidence that
could make me rare
Is it too late to achieve what I have lost?
Can I regain their trust back they had on me the most??
I regret my decision. I regret suppressing my thoughts,
will they be able to forgive me for the limits that I crossed??
Is it too late to trust the people I loved the most??

Save Water

Water is one of the most important substance on earth. All living things need water to survive. Water is one of the most important natural resources on earth. It is essential for all forms of life, and it is a key ingredient in many of things we use on a daily basis. Despite it's importance, water is often taken for granted. We should not waste water and save it for future generations. We should promote water conservation to maintain the continuity of the life on the earth.

HOW TO STAY COMMITTED IN STUDIES

Often, the hardest thing about study is finding the motivation and commitment to get started for studying. When children learn the importance of staying committed to something, they develop a strong sense of self-discipline and responsibility. This can lead to better grades, improved relationships, and a more fulfilling life.

Some of the steps to be committed in studies are:

1. Finding the motivation to study.
2. Set clear goals. ...
3. Celebrate small study goals. ...
4. Set up a study plan. ...
5. Avoid distraction. ...
6. Create an encouraging study space. ...
7. Stay committed till you make it complete.

At the last I want to conclude that;
Committed people have priorities and they stick to those priorities. They develop a routine that allows them to slowly and steadily work towards their goals.
Without commitment you cannot have depth in anything.

WHISPERS OF THE HEART

when stars ignite their gentle light,
The world grows still ,the soul takes flight ,
And whispers of the heart ignite .

In whispers soft, yet ever bold.

Each breath a verse, each heartbeat rhyme,
In perfect cadence, lost in time, A sonnet written

where echoes of the soul entwine.

So listen close ,with open ears,
for in these whispers ,love is near ,
A melody that's ever clear,
In whispers of the heart sincere .

And when the morning Sun does rise ,
And daylight paints the Azure skies ,
Know that within these whispered sighs,
Love's eternal flame never dies.

IMPRESSIONS THAT SHAPE US

First impression is crucial in shaping how others perceive us. From
attire to body language, every detail matters in leaving a positive
impact . Mastering the art of making a good first impression can open
doors to countless opportunities.

Here are five key points to help you make a positive impact....

Confidence : Maintain good posture, establish eye contact, and
extend a firm handshake or a warm greeting.

Positive Attitude : Enter interactions with genuine enthusiasm,
displaying warmth and a sincere smile.

Active Listening : Demonstrate genuine interest by actively listening,
posing thoughtful questions, and engaging in meaningful dialogue.

Appropriate Dress : Present yourself neatly and in attire suitable for
the occasion, projecting professionalism and respect.

Authenticity : Be genuine and true to yourself, fostering trust and

GO GREEN

'GO Green ' is an important strip to save our earth. Greenery is important for the earth and the life of people. Environment is an important aspect of everyone's life.

Let's take initiative to save our earth. If we save our earth means we save our life. The people should change their lifestyle , plant more and more trees , cut down less trees , don't waste the resources. We have to keep our earth clean and green. As we are making our earth green. When we think our earth and our mother is same , then only we take step to protect our earth. As we are loving our mother, we have to love the earth also . Earth is like our mother, it provides many things to us . Our birth is on the earth the mother land. When we do not take care of the earth our life is surely going to be affected. We have to protect all this for our own future. In our life, environment has a big role for providing us food, furniture , rain , natural resources , etc. and many more things. So the conclusion is that we have to save our earth as we save our lives.

बस घर में किसी को चिंता न हो,
इसलिए अपने मन के राज कभी नहीं खोलेंगे, उनसे भी पूछो
वे पिता है कभी कुछ नहीं बोलेंगे
हम बड़े हो जाने से समझदार हो जाते है
उस इंसान से कई गलती हो जाए तो जोर से चिल्ला देते है
भूल जाते है हम कि उन्होंने हमारे लिए क्या किया?

किसी से ठीक से

बात न कर पाए तो शरमाते है हम,
पर वे पिता है , किसी से कुछ नहीं बोलेंगे ।
एक बात याद रखना दोस्तों तकलीफ उन्हें भी होती है,
दिल उनका भी दुखता है,
बस तुम्हें बुरा न लगे इसलिए बंद कमरे में चुप-चाप रो लेते हैं ।
वो पिता है कभी कुछ नहीं बोलेंगे ।
वो पिता है कभी कुछ नहीं बोलेंगे ॥

मेरी शिक्षिका

दो साल पहले जो शुरू हुआ मेरा सफ़र

यहा, मेरी शिक्षिका

उसमें अहम किरदार निभाया आपने।

हर दिन महत्वपूर्ण है यह बताया आपने। जब भूल गई रास्ता अपना, तो मुझे समझाया आपने।

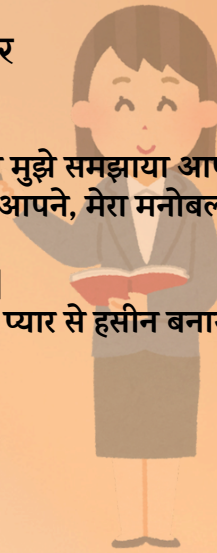

यह जगह अंजान, हर शख्स अजनबी था, तब मुझ पर विश्वास जताया आपने, मेरा मनोबल बढ़ाया आपने।

मेरी छोटी - छोटी गलतियों को माफ कर, बहुत कुछ सिखाया आपने।

हमारे इस जीवन के सफर को, अपनी मीठी मीठी बातों और बहुत सारे प्यार से हसीन बनाया आपने ॥

मध्यप्रदेश

अनुपम है भारत की माटी।

जिसमें मध्यप्रदेश है ॥

विन्ध्याचल के आँचल की छाया,

में रहता मध्य प्रदेश है।

नदियाँ जहाँ मिलने को आती,

मायका मध्य प्रदेश है।

अनुपम है भारत की माटी।

जिसमे धड़कन मध्यप्रदेश है ॥

न हिन्दू न मुस्लमान है, ये मेरा

प्यारा हिंदुस्तान है

न सिख की न इशो की पहचान है

यह तिरंगा हर भारतीय की शान है

तिरंगे में लिपटे हुए सिपाही के लिए

हर भारतीय दिल में उनके लिए सम्मान है

हां कुछ ऐसा ही, मेरा प्यारा हिंदुस्तान है

बिखर के जो बिछड़े आज,

इस चार दिवारी में,

फिर कभी मिल ना पाएंगे

इस चार दिवारी में,

आ ही गया वो भी दिन

जिसका हमे इंतज़ार ना था

आज छूटेगा वास्ता

इस चार दीवारी से

यहीं मिले हम अंजान बन,

यार बनाए हमने इस चार दिवारी में

आज चाह कर भी ये,

लम्हा थम नहीं सकता

ये दिवारे हमें यहां रोक नहीं सकती

याद आएगा सब कुछ

जो जुड़ा है हमारा इस

चार दिवारी से

सुबह की असेंबली से शुरू

दोपहर के लंच का शोर

क्लास में बिताये लम्हें

टीचर से बचके की गई

शरारतें

सब कुछ जानती है ये

चार दिवारी यहाँ

दोस्ती यारी कभी

कभी की नोक झोक यहाँ

थोड़ी मीठी, थोड़ी कड़वी

यादें यहां

सब समेटकर अपने दिल के किसी

कोन मे

क्यों ना मैं भी बना लू एक चार दीवारी

अपने दिल के किसी कोने में

दिल नहीं मान रहा

चार दिवारी जाने नहीं दे रही

जीवन में आगे चलना है

पीछे छोड़ना जरूरी है इस चार दीवारी को

क्यों नहीं सब वैसा, जैसा हम चाहते हैं

क्यों ये आखिरी दिन इस चार दीवारी में

क्यों नहीं थम रहा ये पल इस

चार दिवारी में.....॥

CONNECT, COLLABORATE, COMMUNICATE

Orientation program for Nursery, K.G.I & K.G.II Parents

AN ORIENTATION PROGRAM FOR THE NEW SET OF PARENTS OF KINDERGARTEN WAS ORGANIZED ON JULY 12TH, 2023 TO GET THEM AQUATINTED WITH THE CURRICULUM, RULES AND REGULATIONS OF THE SCHOOL. ALSO THE NEW GUIDELINES WERE INTRODUCED TO (NEP) THEM REGARDING NEW EDUCATION POLICY

"Splashes of fun and learning under the rainy skies! A day to remember at school."

Rainy Day

Little champs, big smiles! Outdoor and Indoor games making every moment a playful adventure

Outdoor games, directly as well as indirectly, contribute much to enhance necessary life skills in children. They also help in replenishing their creativity and ability to think out of the box. When children play outdoors with their friends, they develop communication, leadership and collaborative spirits.

Indoor games offer a treasure trove of benefits for children's brain development. They can help improve cognitive skills such as memory, critical thinking, problem-solving, and decision-making, as well as enhance social skills and physical skills.

Together Under the Open Sky

18th January 2024

Sunshine, snakes, games and smiles! our Kindergartners had a blast exploring, playing and bonding on this unforgettable picnic day.

INDEPENDENCE DAY

Independence Day provides an opportunity for children to learn about their country's historical journey, the struggles faced during the freedom movement, and the sacrifices made by freedom fighters. This knowledge helps them appreciate the value of independence and the importance of maintaining it.

Students exhibited their talent by singing, dancing, reciting poem etc for the glory of our mother land 'INDIA'

Joyful moments and endless creativity!

Activity day : A delightful blend of fun and learning

Drawing helps our little ones to communicate, it sharpens their visual senses, and it sparks their creativity. Plus, allowing our children to draw enhances their self-esteem

"It helps them to learn how to work with their hands and also develops motor skills, and it keeps them healthy and energetic.

Playing with blocks is also about negotiation with peers, learning how to be caring and considerate, cooperation, theory of mind and sharing toys and equipment. Children learn to develop their cognitive skills such as problem solving, persistence, perseverance and flexibility.

“Little Eco-warriors in action!”

Our Kindergarten green day was full of fun, learning and commitment. .It’s theme was “protect our planet”. It was celebrated on August 26th 2023.

Students were bubbling with enthusiasm in their astonishing green costume and refreshing aura

WHEN CREATIVITY MEETS CULTURE

Dancing assists children to self-regulation which helps to develop awareness, essential for moving safely in their environment.

Singing helps children to develop a good sense of rhythm and pitch, which are important for Language development. Singing also helps children to learn new words and to remember information. By hearing new words in a song, children can learn the meaning of the words and how to use them in context.

Giving students rewards for their efforts suggests that their hard work is appreciated. This is a powerful mindset to have in the classroom and can encourage students to feel better about the work they complete, as well as themselves. This promotes feelings of pride, which goes hand-in-hand with happiness.

UNLEASH THE CHAMPION WITHIN

Sports Day encourages active participation in sports, promoting physical health and combating issues like obesity and sedentary habits. Involvement in team sports teaches students teamwork, cooperation, and unity.
